Beloved Children of My Heart:

It is My Joy and Honor to present to you the words, Radiation and Blessings of My Son, and your Friend, Ascended Master El Morya, Chohan and Director of the First Ray, spoken at the Transmission Class of February 18th, 1961.

upon this Earth are taught to create out of pure crystalline light substance the things they require and desire through the creative faculties of thought, feeling, word and action and manifest it in the physical appearance world and no longer prey upon animal life or elemental life or other members of the human race who are negative and submissive for sustenance. We are in the days when those kingdoms which have subjugated themselves to serving the whims of personal esteem shall now raise their heads, straighten their spines and enjoy the real purpose for which they came into being, and reject and transmute the distortions which have been imposed upon them by the misguided use of free will by all recalcitrant races in all the eras where perfection was not expressed (including the twentieth century) a century which shall go down in history as one wherein more of the Divine Beings and God-free Beings have come to the assistance of such recalcitrant races as fourth, fifth and sixth root races and sub-races and laggards too, as well as an antagonistic elemental kingdom and frustrated imprisoned Angelic Kingdom and a Sweet Earth which shall not labor longer with the miscreations of the ages.

ONE ALONE, I stand before Lord Gautama and the Beloved Regent Sanat Kumara, knowing full well the Divine Plan and Pattern as held within the Heart of Immaculata, the Planetary Silent Watcher for the Earth. I DECREE NOW that the Divine Plan be fulfilled for all life whatever expression it is now manifesting in TODAY. February eighteenth, Nineteen Hundred and Sixty-one! I DECREE IT and SO BE IT!

When We come to you in this manner, We either temporarily silence your outer consciousness by the power of Our energies or We entertain you so much that you temporarily forget the real purpose for which "I AM" here and for which you are here - TO BECOME AND TO SUSTAIN THE VIRTUES AND RADIATING POWERS OF EVERY ONE OF US. Whichever Divine Being it is Who chooses to bless you is cognizent of this same effect. AWAKE!!! There is no place for sleeping chelas in this great year of God Illumination. We have accelerated by the power of love and light the vibratory action of your four lower bodies and your brain consciousness; We have accelrated by the vibratory action of Our Own love and light the focus within this Ashram and all students gathered together in My Name to assist in inbreathing, absorbing, expanding and projecting the Royal Blue Flame of God's Holy Will throughout the atmosphere of the Earth; We have accelerated by Our love and light every cell and atom of your beings, CHARGING you, charging through you, as radiating centers, illumined Faith in God's Holy Will manifest on this Earth NOW!

As We have already melted the Northern icecaps, We can equally as well, with the co-operation of Helios and Vesta and yourselves in twenty-four hours melt the Southern icecaps as well! This We shall do! It only requires the invocation of the Power of Etherealization of excessive ice and snow by Helios and Vesta to absorb those tremendous glacier formations. It is not enough to read the current events of the day or listen to your telecast. Why do you think that telecast is placed before you , or your radio, or any other media of commercial expression - WHY??? To give you a half hour to sit down - NO!! It is brought to your attention so that you will be aware of the requirement of the moment and then to go into action through your decrees, songs and application to change imperfect conditions into perfection.

If you feel a 'prodding' while you are reclining enjoying reading your paper, listening to your radio or watching your television, it shall be My humble Self. I can see you, and through you, into the heart of your magnificent immortal Victorious Three-fold Flame. I can see the aura around your four lower vehicles which you have created consciously through your self-willed endeavors and which does require the benediction and blessing of a permanent peace. I can love you enough to allow you full freedom in Our Focus during this thirty day period. Like unto the Ascended Master, Beloved Serapis Bey, when this thirty-day period is over, I shall enjoy comparative privacy and with the cooperation of the Brothers and Sisters of God's Holy Will at Darjeeling We shall restore Our Focus to Its perfection. Yet the

very fact that you desire to and do project yourselves in consciousness to our Retreat and have enough faith, energy, concentration and power to move physical objects in your etheric vehicle is very satisfying. You have accepted in the outer consciousness the statement that it would take four strong men to turn a grand piano, yet everyone of you in this room and those who read My Words has completely swung around Our piano with a touch of one finger. It is wonderful indeed that you have that much energy in the power of projection of your consciousness. We are grateful indeed, as I have said before, that you have made a temporary play-room of Our drawing room.

In the center hall, as you know, is Our beautiful replica of the Taj Mahal, the great prism lights pouring down to bless My Brother, beloved Kuthumi. Then opposite the drawing room you enter the Flame Room through the great open doors upon which is incrested the Holy Grail. Each and every one of you shall have opportunity to walk down the center aisle, kneel before THE ROYAL BLUE FLAME of God's Holy Will, enfolded in the crystalline radiance of the Seraphic Host and, enfolded in the Asoended Master Saint Germain's Angels of the Violet Fire. These magnificent Violet Fire Angels are permanent Guardians of the Flame of God's Holy Will giving always a benediction indeed, around Our Royal Blue Flame as It rises high into the atmosphere and blessing also the Beloved Ascended Master Saint Germain and His unascended chelas (as well as the Spirits of the Unborn.)

After you have cognized that magnificent Blue Flame and have drawn into your very beings the <u>essence</u> and <u>substance</u> of the Holy Will of God, Which is Good, your Sponsor comes and kneels beside you, a Gentleman of might and strength. Then He leads you to your permanent seat in Our Temple. There your Inner name is written and there you shall listen to, <u>and apply</u>, the instruction of Divine Beings Who know only and desire only to do God's Holy Will. It is not enough to ask what is God's Will because you are still encumbered by an emotional, mental, etheric and physical consciousness, all of whom have had free will too long. This is a subtle form of desire which will saturate the emotional body primarily and create through you a feeling of positive energy which might have its cause and core in your emotional, mental, etheric or physical consciousness. You walk on the razor's edge of Spiritual Activity protecting yourselves against your lower selves, asking, as I ask today that emotionally, mentally, etherically and physically YOU BE STRIPPED CLEAR AND CLEAN of every cause and core <u>known</u> and <u>unknown</u> within those four lower vehicles or within the untransmuted portion of your soul."

(We accept this done right now with full power) 3 times
Students Eternally sustained, all powerfully active, ever expanding
response: and world encompassing until all are wholly Ascended and Free,
Beloved "I AM") 3 times
El Morya: "Thank you for your energies released."

You may be interested to know that in the Flame Room of God's Holy Will there are five beautiful stained glass windows which had not been completed until yesterday, February 16th. 1961.

Those which We have completed form tremendous magnetizing centers for great and lasting activities which were performed in the past. Through them the glorious Sun as well as the magnificent Moon do shine and these Activities radiate their constructive endeavors through the chelas day or night. We have now added two more completed windows. Unless you have made a study of the preparation of the colored glass which is required for a perfect window of this type, depicting various colors and figures, you have no idea of the time it takes from the moment when the glass fibre is woven and blown and colored and the figures then are included, moulded, painted and set into the windows before it is mounted. These two were mounted on the sixteenth of February, 1961. It took a long time for the preparation of them, as they were not done in the Orient but under very difficult circumstances through the kind assistance of the chelas in Central Europe, because the materials required were available there. (Curiosity as to who such chelas are will defeat the purpose of your endeavor.)

In 1951 the first order was given for the window showing Myself, standing before Helios and Vesta asking for the New Dispensation which They granted and which you later came to know as "The Bridge to Freedom Activity". That window was just placed on the sixteenth of this month.

In 1958 another window was ordered depicting Lord Saithrhu, Manu of the Seventh Root Race, kneeling, together with His subjects, before Lord Gautama, the Present Lord of the World. Both windows are now in place.

What signify they? What, My children, signify they?

They signify A PERMANENT ACTIVITY - Helios and Vesta's request granted, by which I and Other Members of The Great White Brotherhood and you, My beloved, worthy, unascended chelas, did create and are sustaining a Blazing Bridge to Freedom. Surely you have all given of your very life, blood, sweat and tears as I warned you in the first Inner Court Meetings.

The Bridge to Freedom stands and across It today are passing into Light Eternal those who were the original Bridge builders and their families and all they hold near and dear. One day, when your Call comes, you shall also walk in dignity over that Bridge into the Presence of the Holy Comforter, My Superior, The Maha Chohan! Over that Bridge will pass into Light Eternal every relative and friend, all those who have no one to pray for them, all elemental life and all animal life, all imprisoned Angels! It is a mighty strong blazing Bridge to Eternal Freedom, created because I love the Ascended Master Saint Germain enough to have asked Helios and Vesta to assist Him. You love Me enough and Him enough to have helped to build The Bridge to Freedom and to sustain it. Now you love Him enough to prepare for Saithrhu's Coming, together with those who represent His First Root races. Lord Gautama has given His Blessing; Lord Saithrhu has given His Blessing; Our Beloved Regent, Sanat Kumara has given His Blessing. All is in readiness except for the small tiny dusting of this star - which We shall do with or without your cooperation. Have YOU your dusters available?

(audience rises)

Master El Morya speaks : "Please be seated."

Now what is your duster? Your duster is primarily the activity of the Violet Transmuting Flame. You can call it a duster or an eraser. BUT you have to have Illumined Faith in It as a permanent activity which you set into motion and which continues to act in, through and around you until you have complete freedom yourself. Then CALL TO ME if you have conditions which seem too much for your personal self to handle - and all of you have conditions like these without exception - I speak these Words to all peoples of the Earth. ALLOW ME FIVE MINUTES TO RESOLVE YOUR PROBLEM! I will take the time to be invoked where your problem seems to be the greatest and you can be assured by Me of PERMANENT RELIEF AND RELEASE, not only for yourself but for any part of inprisoned life which is in distress! If you believe "I AM" and you believe I have being give Me five minutes after you leave the Transmission Flame Class (or after you read My Words), TRY ME OUT! In such trial you shall experience God Success.

Ah, Sweet Innisfallen! (see poem written by Ascended Master El Morya in His last earthly embodiment as Sir Thomas Moore! Beautiful, beautiful Lakes of Killarney! Beautiful Tara, beautiful Ireland. Once, just before My Freedom I enjoyed Her.

I give you My Blessing with these small flowers picked by two chelas when they visited Tara - one of whom has gone before you into the Light and is now Ascended - as a token of My esteem for you. (Beloved El Morya blessed the flowers and the Sponsors gave them to the chelas at the Ashram. Each of you, dear readers, will receive an etheric replica of the physical flowers from your Sponsor after you read these words.)

Fierce I may seem to some. Ah, no! "I AM" embodied Love. Let us enjoy the innovation of the Royal Blue Flame of God's Holy Will with the Crystalline Radiance around It and the Purple border created by the Angels of the Violet Flame. You see ---- "I AM" a patient Man. The blessings of Heaven be upon you, My Beloved."

Editor's note: In the sixteenth century Beloved El Morya embodied upon the Earth He loves so well as Sir Thomas More (Privy-Counsellor to King Henry VIII). Later, in the nineteenth century, to round out His Spiritual Nature and develop fully the gentleness of Spirit required to attain His Ascension, He took His last embodiment as Sir Thomas Moore (the Irish Poet). These are two different embodiments, but the likeness in the names MORE and MOORE sometimes confuses the chelas of today.

POEM BY SIR THOMAS MOORE:

SWEET INNISFALLEN (Mystical Name for Ireland)

Sweet Innisfallen, fare thee well,
May calm and sunshine long be thine!
How fair thou art let others tell, -
To feel how fair shall long be mine.

Sweet Innisfallen, long shall dwell
In memory's dream that sunny smile
Which o'er thee on that evening fell,
When first I saw thy fairy isle.

'Twas light, indeed, too blest for one,
Who had to turn to paths of care -
Through crowded haunts again to run,
And leave thee bright and silent there.

Weeping or smiling, lovely isle!
And all the lovelier for thy tears -
For though but rare thy sunny smile
'Tis heav'n's own glance when it
appears.

Like feeling hearts, whose joys are few,
But, when indeed they come, divine ---
The brighest light the sun e'er threw
Is lifeless to one gleam of thine!
